Trixie's Combo – Guitar and Amplifier by Rob Mock of Leesburg, Va.

A carver for 15 years, Rob Mock specializes in building and enhancing instruments. He made this fully functional pierced relief set from alder, mahogany, maple, and pine. Rob notes that he named the set for one of his rescue dogs, Trixie, which “seemed a fitting name for a western-theme guitar with a tooled leather look.”

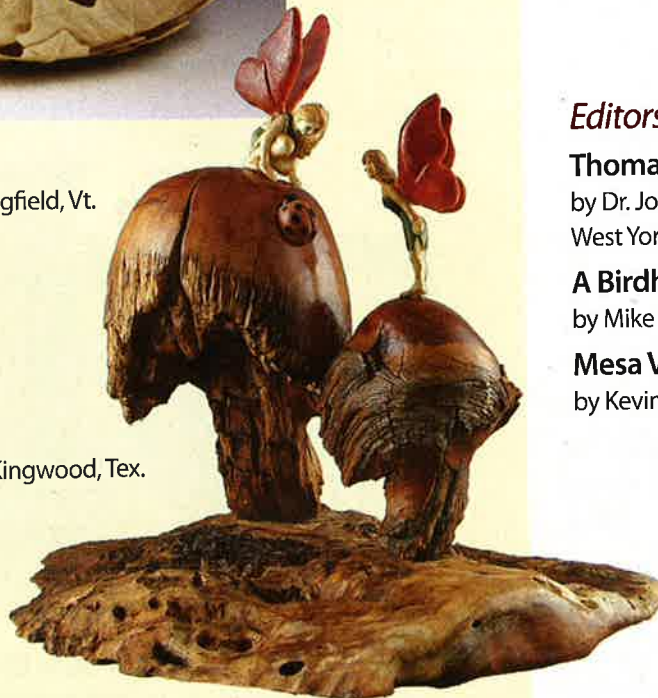

Honorable Mentions

Fibonacci Maple
by Michael Foster of Springfield, Vt.

Curiosity
by Annamarie Moore of Kingwood, Tex.
